

Construction Manager Tasks

- Lead your team
- Finalise the team's name
- Assist the team in making the decisions for the village
- Support those people in your team who need help with their areas
- Offer advice and ideas
- Lead on the final presentation

TIP:

Remember communication is key this does not include raised voices or arguments, if your team is feeling under pressure it is your responsibility as Construction Manager to keep them calm and take control of the situation.
