# **Dilemma Card**

## **Should you only buy Fair Trade goods or not?**

## Should you buy only Fair Trade goods or not?

Yeading Junior School

You have been studying Fair Trade at school and you have become aware that if the price of cocoa falls below its production cost, farmers will struggle to feed and clothe their families.

You have saved up some money to buy a treat for yourself.

You have a choice to purchase chocolate - Fair Trade (slightly more expensive) or non-Fair Trade chocolate.

Would you consider spending more of your money to support farmers or would you be tempted to purchase the less expensive item, thereby saving you money?

### Think points!

Is it worth spending more for the greater good of a community or is it more important to save money yourself?

Discuss with your group. Think about your understanding of Character Virtues and your experience of Social Action
