Schools across the country will be running events that increase the recognition of the virtue of gratitude.

Schools Gratitude Day offers a chance to collaborate with those in your school and community by showing who you are grateful to and recognising why gratitude is such an important virtue.

Run by the Jubilee Centre for Character and Virtues, Schools Gratitude Day follows on from the Thank You Letter Awards to further emphasise the concept of gratitude.

All schools that take part get a free teacher pack with lots of ideas for celebrating Gratitude Day, including activities that can be run in the classroom and across the whole school.

For more information and to request a FREE teaching pack to run this in your school, please contact Mat at m.butcher@bham.ac.uk or 0121 414 4846
