

EASTER ACTIVITIES

This Easter themed set of activities has been designed by the *Jubilee Centre for Character and Virtues* to support parents of primary school pupils, but can be adapted for children of all ages.

Within this pack, you will find seven activities, which promote a range of positive virtue traits, drawn from the Jubilee Centre's *Framework for Character Education in Schools*. The activities encourage the development of these virtues in an engaging and accessible way, whilst also encouraging reflection.

We hope you enjoy completing these activities.

Happy Easter!

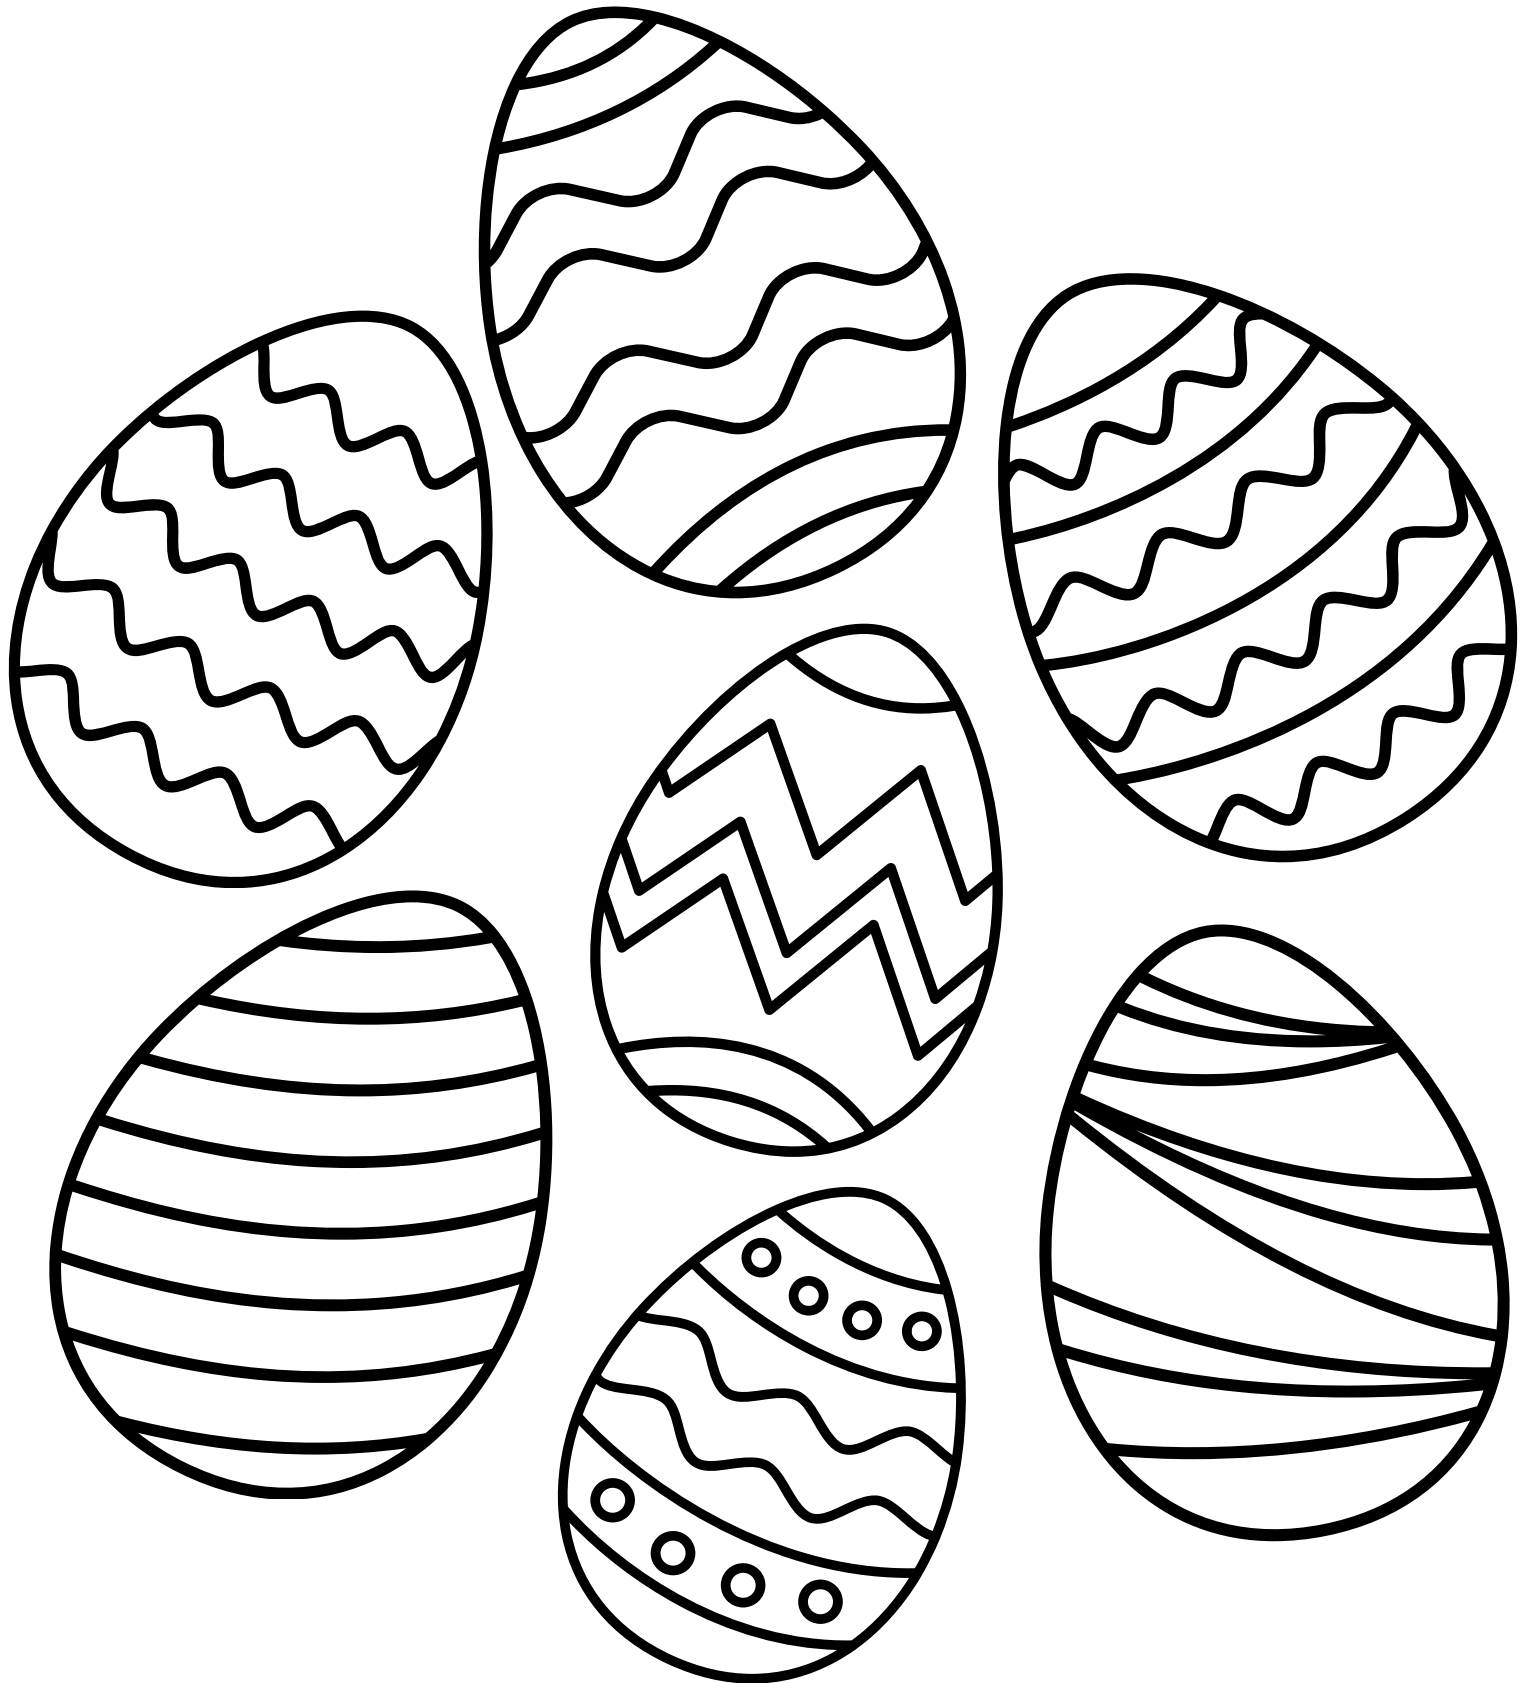

As you complete each activity, colour in an Easter Egg, found on page two!

Each activity highlights the virtues it can help cultivate.

These are in *italics and bold* under the activities.
