Dear NHS workers,

Thank you for supporting us during this terrible coronavirus outbreak. You have helped and cared for us so so much.

Back in ~~my~~ May, we were all scared at home but you are courageous and brave and go to work to protect us.

You never give up. You work day and night to keep the country safe. I am very grateful for all that you have done. You are a huge inspiration and role model. You have saved many lives. You are true superheroes. You are kind, compassionate and caring.

You are working very hard to save lives even though you are running low of PPE.

You are so selfless. Right now you are risking your lives to save ours.

All of you are working very hard. Thank you so so much.

Thank You. From, Kyara Kansagara
